Lily Varieties

- * **Leslie Woodriff** (Tetraploid Black Beauty & Tetraploid White Henryi)
Bright Cherry Red flowers edged in white with a green throat edged with yellow.
This tetraploid lily is compatible with other tetraploids for hybridizing purposes.
The bulbs are small. 1" in diameter. **\$25.00.**

- * **TETRAPLOID BLACK BEAUTY** Our famous Black Beauty treated with colchicine to double the chromosomes and make a larger black red reflexed flowers with thick petals that will grow anywhere. **STOCK LIMITED**
\$10.00 EACH.

BEAUTY'S BABY -- NEW -- (PINK EXOTIC ORIENTAL x EMSWELLER TETRAPLOID BLACK BEAUTY) Our first and only hybrid from the Tetraploid form of Black Beauty after 20 years of breeding. Flowers are about 1/3 larger than Black Beauty, wider petals, a flatter flower and slightly lighter in color than the black red of Black Beauty. It has the same foliage and bulblet characteristics.

We believe this is the most valuable plant for future breeding to put Henryi's hardiness into the complete Oriental range of colors, shapes, sizes and flowering seasons. We have a few bulbs from scale propagation of **BEAUTY'S BABY** and are offering them for \$75.00 each to help finance our breeding work.

SPECIAL SALE PRICE @ \$75.00 EACH.

BIG DADDY A very dark Parkmanii with "12" inch flowers crossed with Tetra Black Beauty. It is highly fertile making the largest seed pod that we have ever produced. Big Daddy, Beauty's Baby and Tetra Black Beauty, when crossed with Star Gazer gives promise of lilies that can be grown in any soil. A wide spectrum of color occurs. Flowering time in this area is late July and August.

MERISTEMNED BULBS GROWN 1 YEAR IN FLATS @ \$25.00 EACH

STAR GAZER x TETRAPLOID BLACK BEAUTY (Speciosum x Auratum x Nobilissimum x Henryi) Tops in potential for new breeding. Will produce Orientals that everybody can grow.

YEARLING BULBS @ \$100.00 EACH

BLACK BEAUTY Our own hybrid between L. Speciosum punctatum x L. Henryi. Dark Mahogany red reflexed flowers with deep green centers, very high bud count. Light tea fragrance. Number one in popularity poll of the North American Lily Society for several years. Highly disease resistant and very vigorous. Will adapt well to acid or blooms even up to frost in colder areas.

SMALL BULBS @ \$3.00 EACH; MEDIUM BULBS @ \$6.00 EACH.

WHITE HENRYI Flat orange center and pure white reflexed tips. Delightful fragrance. NUMBER 1 in the popularity poll of the North American Lily Society. BEST OF SHOW AND ALSO AWARD OF MERIT, NALS SHOW 1986.
\$4.00 EACH.

GIANT FLAT YELLOW Number 5 in the popularity poll of the North American Lily Society. One of our most magnificent lilies. Six inch bright yellow flowers, flat with reflex tips. Cinnamon brown penciling in center. Sweet fragrance, award winner,
YEARLING BULBS 5 FOR \$5.00; FLOWERING SIZE @ \$3.00 EACH.

ORIENTAL CHARM Speciosum x Nepalense. Lovely pink, incense fragrance. Reflex petals like speciosum, but flatter and larger flowers with good speciosum rubrum color. Good cut flower and look perfectly fresh until it is ten days old. Its sweet incense fragrance is noticeable several feet away, but not too strong close to the flower. It is impossible to adequately describe this unusual lily. It must be seen to be appreciated. Unlike Nepalense, which is fragrant only at night, our Speciosum x Nepalense hybrid is sweetly scented both day and night. Highly worth growing for fragrance alone. August flowering
STOCK LIMITED \$50.00 EACH.

ROSY Our original rose scented lily. Top oriental in the North American Lily Society Show in 1977. Rubrum type flower, flattish white center, recurved pink petals. A most unusual lily with a rose fragrance.
\$3.00 EACH

WOODRIF GOLD Flat gold with slightly reflexed petals, outfacing, almost spotless Tiger Hybrid. Very lovely. 4-foot-July bloomer. Stock very limited. Small bulbs to bloom in 2 years.
5 BULBS FOR \$5.00.

SUNSET LILY Pardalinum giganteum. Brilliant lily, easy to grow. Lovely glowing-sunset-red reflexed flowers with bright golden yellow at the base of the petals, profusely spotted with purple brown. Grows well in this area in full sun or light shade. Stems are stout and do not need staking. It is a vigorous, dependable and hardy American Native Lily
\$4.00 EACH.

BLACK HEART ORANGE AURELIAN This lily has the normal green nectary turned to black. Another aurelian valuable for breeding especially with Orange Beard as it might be fun to make a Black Beard. July flowering, 4 feet.
\$15.00 EACH.
