

N. A. L. S. After dinner meeting with new officers June 24, 1967 9:00 p. m.

Lake Wright Motel
Norfolk, Virginia

Claude Shride presiding.

Dr. MacDaniels of the Judges' School Committee reported that the following student judges should be accredited: Mary Wais, Peg Hickman, Helen Harland, Dora Pinnow, Jasper Berhenke, Wallace Windus, Virginia Howie, Charles Douchette and Joseph Uhring. Harrison Peters made a motion that these persons be considered accredited. Clifford Hannum seconded the motion which passed. Student Judges

The Meeting was then turned over to the new president, Robert Mooney, and he presided for the rest of the meeting.

Fred Abbey discussed paid advertising by the society in the past, and asked that he be allowed to place it where we would receive the most benefit--possibly in the New York Times. He explained that advertisements in the New York Times had in the past brought new members into the organization, and that he would not exceed \$250.00. A motion to permit him to do this was made by Clifford Hannum and seconded by Virginia Howie. Passed. Advertising

Jan de Graaff suggested that we give honorary memberships to both Joan Lee Faust of the New York Times and Carlton Lees of Boston, because they would probably give us the kind of advertising we cannot buy. No action was taken.

Jane Birchfield discussed running the classification of lilies through the computer, to get a new classification by clones, division and colors. These would be made available to show committees. No action taken. Computerized classification

Robert Mooney announced the following committees:

Judges' Committee and Schedule Committee, Dr. MacDaniels, Chm.
