

THE NORTH AMERICAN LILY SOCIETY, INC.

A SOCIETY TO PROMOTE THE CULTURE OF LILIES IN NORTH AMERICA

OFFICE OF THE Robins

At the present time, all of the Round Robin groups that we have are progressing in an excellent manner.

We have 19 directors now working with the groups.

We have 39 Round Robin Groups, divided as follows:

- 2 Director's Robins
- 1 Native Lilies
- 2 Growing Under Fluorescent Lights
- 5 Hybridizing Lilies
- 1 International
- 28 General Culture

As with all other groups of people, some tire of the work and drop out. This has forced us to combine two groups into one at times. We could use more members for the Robins so if anyone cares to join any Group, please let me know.

Angela Van Meter.
