

Library

June 1, 1969 - June 1, 1970

Circulation for the past year has been 168. The use of this much material indicates that the library is filling a real need of the membership.

The collection was increased by five bound volumes and three soft cover items.

Kodachrome

1970

The kodachrome continued as it has the past few years. Not as many rentals are being made as I would like.

A number of slides have been added.
