

## LIBRARY

June 1, 1970 - June 1, 1971

Library circulation dropped to 114 during the past year. This is acceptable for the number of members but is not outstanding. As usual, the library has been popular with the newer members.

Six bound volumes have been added.

For the first time, a borrower has kept the material borrowed and ignored all attempts to have it returned. Since the library has been functioning over ten years the record is very good.
